**To Whom It May Concern.**

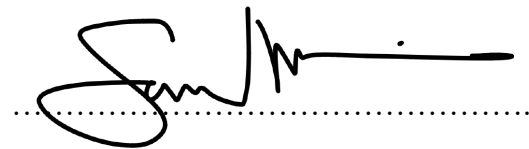

I am writing this letter as a personal reference for Mr. Muaz Baytamouny. His role with HomeCrowd as a backend engineering intern and he has been taking this internship for the past 6 months. He has been directly reporting to me, Mr. Samuel Irwin, while I was still working with HomeCrowd as its tech lead.

Throughout the internship, I find Mr. Muaz Baytamouny to be hardworking, persevering, honest, reliable and follows instructions clearly. Moreover, he contributes good ideas and opinions during our daily scrum meetings and have good relationship with the rest of the team.

Although he was here as an intern, and still a fresh graduate, his programming skills improved and qualifies him to work on some tricky jobs and successfully carrying it to completion. With guidance and training, along the way, he has learnt, adapt and grow his skills even better.

I trust the information provided above will be of assistance to you and I am happy to provide you with further information, if required.

Best regards,
